

TRAVELING THROUGH SOUTH CAROLINA HISTORY

NATIVE AMERICANS

Native Americans have lived in what is now South Carolina for thousands of years. Historic sites associated with Native Americans include archaeological sites, shell rings and middens, and the historic lands of the Catawba Indian Nation. South Carolina's Native American culture and history continues strong today.

This is one of eight brochures produced by the State Historic Preservation Office to promote South Carolina's historic places based on the 2011 Social Studies Standards. This list is not exhaustive. Places were chosen based on their availability to the public and relationship to specific educational themes. January 2013.
